A Learning Community Partnership

8th September 2020

Dear Parents/Carers,

I am very sorry to have to make changes to the arrival arrangements, but it is obvious that the plans put in place are not working.

From Wednesday 9th September :- (NB- this overrides the arrival times given in the class newsletters)

Year 6 - arrive at 8.30am (use pedestrian gate)

Year 5 – arrive at 8.40am (use pedestrian gate)

Year 4 – arrive at 8.50am (use pedestrian gate)

Year 1, 2 & 3 – arrive at 8.50am (use double gate)

Year 1, 2, 3, 4 will line up on the all-weather surface in their year groups. The children are used to this procedure when we have fire practice.

Parents are asked to leave immediately and to remember social distancing is still expected. Residents have already complained about unacceptable parking. Please be aware of double yellow lines, zigzag lines and to not park over residents' driveways and the school driveway.

The flats opposite are private property including the grass and should not be used as a playground.

I apologise for these changes but these are challenging times and I have to be mindful of everyone's safety.

At the present time, afternoon arrangements will stay in place, although parents will be invited to wait on the all-weather surface (near the double gates) socially distanced from 2.50pm

When you have collected your child, please leave promptly so parents of other year groups can wait on the all-weather surface.

Thank you for your cooperation.

Best wishes

Anne Morrell
Headteacher
