## **Prevent Duty and Anti-Radicalisation / Extremism Policy**

### **1. Introduction**

Beaumont Primary School has Core Values which underpin every aspect of school life. We are committed to fostering:

- a passion to include everyone
- a desire to treat everyone equally, respecting differences
- a commitment to healthy and open relationships
- a deep sense of hope that things can change and be transformed
- a sense of perseverance to keep going for the long haul

### **2. Aims of the school**

The aims of the school are to:

- create a happy, stimulating, caring learning environment
- awaken and nurture a love of learning that will last a lifetime and provide everyone with the skills to pursue that learning independently and collaboratively
- enable everyone to reach the highest standard of which they are capable
- encourage all learners to develop their own interests, passions, enthusiasms, creativity and individuality
- help learners to understand and care about the world in which they live, and to believe in their ability and responsibility to change that world to make it better
- empower learners with the skills and understanding to live a healthy, successful life, physically, emotionally and spiritually
- foster respect and tolerance for others, regardless of race, gender, religion or difference, within a framework of equality of opportunity and fairness
- help learners to appreciate human achievements and aspirations and to believe in their own potential to attain great things
- promote a feeling of pride and confidence in learners' identities; as individuals, as members of our school, as part of the local community and as citizens of the world

Beaumont Primary School is fully committed to safeguarding and promoting the welfare of all its pupils. As a school, we recognise that safeguarding against radicalisation is no different from safeguarding against any other vulnerability. As Beaumont Primary School all staff are expected to uphold and promote the fundamental principles of British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs. In formulating this policy, the Board of Governors have taken account of the guidance from the Department of Education (DfE) who has called for all public bodies to make explicit their preventative measures to minimise the threat of extremism in their setting.

### **3. Definitions and Indicators**

Radicalisation is defined as the act or process of making a person more radical; or favouring of extreme or fundamental changes in political, economic or social conditions, institutions or habits of the mind.

Extremism is defined as the holding of extreme political or religious views.

Beaumont Primary School has a zero tolerance approach to extremist behaviour for all community members. We rely on our strong values to steer our work and ensure the pastoral care of our pupils protects them from exposure to negative influences. Furthermore, positive promotion of the Beaumont British Values equips our pupils with the skills to reject violence in all its forms.

#### 4. Aims and Principles

The main aims of this policy statement are to ensure that staff are fully engaged in being vigilant about radicalisation; that they overcome professional disbelief that such issues will not happen here and ensure that we work alongside other professional bodies and agencies to ensure that our pupils are safe from harm.

The principle objectives are that:

- pupils are encouraged to adopt and live out our Core Values. These complement the 'British Values' of tolerance, respect, understanding, compassion and harmonious living
- pupils are helped to understand the importance of democracy and freedom of speech, the SEAL (social, emotional aspects of learning), assemblies and through the elected School Council
- pupils are taught how to keep themselves safe, in school and when using the internet
- pupils participate in local community events so that they appreciate and value their neighbours and friends who may not share their faith background
- pupils' wellbeing, confidence and resilience are promoted through our planned curriculum and extra-curricular activities
- pupils are supported in making good choices from a very young age, so they understand the impact and consequences of their actions on others
- governors, teachers, teaching assistants and non-teaching staff demonstrate an understanding of what radicalisation and extremism are and why we need to be vigilant in school

#### 5. Prevent Strategy

The school's Prevent Strategy originates in response to and in line with the government guidance and forms part of the government's counter terrorism strategy. The Office for Security & Counter Terrorism works to counter the threat from terrorism and their work is detailed in the counter terrorism strategy CONTEST

This strategy is based on four areas of work:

- **Pursue** to stop terrorist acts
- **Prevent** to stop people becoming terrorist or supporting terrorism
- **Protect** to strengthen our protection against a terrorist attack
- **Prepare** to mitigate the impact of terrorist attack

Our role, as a school, is outlined more specifically in the DCSF document 'learning to be safe: a toolkit to help schools contribute to the prevention of violent extremism.' (DCSF, 2015) Primarily our work will be concerned with **Prevention**.

The school's Prevent Strategy is to protect students from harm and ensure they are taught in a way that is consistent with the law and British Values. It acts to:

- raise awareness
- provide information
- enable learners to make a positive contribution
- safeguard young people

This policy should be read alongside the school's Safeguarding, Equal Opportunities, E-Safety and Anti-bullying policies.

## **6. The role of the curriculum**

Our curriculum promotes respect, tolerance and diversity. Children are encouraged to express themselves through discussions, debates and consultations. The R.E. PSHCE (Personal, Social, Citizenship and Health Education), and SMSC (Spiritual, Moral, Social and Cultural) provision is embedded across the curriculum, and underpins the ethos of the school. Children learn about other faiths and are taught about how to stay safe when using the Internet.

The overriding aim of all aspects of the curriculum is to prepare pupils for the opportunities, responsibilities and experiences of life.

## **7. Staff Training**

Through INSET opportunities in school and e-learning modules, we will ensure that our staff are fully aware of the threats, risks and vulnerabilities that are linked to radicalisation; are aware of the process of radicalisation and how this might be identified early on.

## **8. Procedures for referrals**

Although serious incidents involving radicalisation have not occurred at Beaumont Primary School to date, it is important for us to be constantly vigilant and remain fully informed about the issues which affect the region in which we teach. Staff are reminded to suspend any professional disbelief that instances of radicalisation 'could not happen here' and to refer any concerns through the appropriate channels (currently via the Child Protection/Safeguarding Lead). This policy is strictly adhered to should issues arise.

## **9. Review**

This policy statement will be reviewed annually as part of the overall Child Protection and Safeguarding Policy review.

## **10. Policy of Equality Statement**

The Board of Governors and School is committed to a policy of equality and aims to ensure that no employee, job applicant, pupil or other member of the school community is treated less favourably on grounds of sex, race, colour, ethnic or national origin, marital status, age, sexual orientation, disability or religious belief.
